October 16, 2007

**APPLICANT**  
Kimberly Dolfi

**OWNER**  
Claire Cappadona

**REPRESENTATIVE**  
Ryan Walker, P.E.

**REQUEST**

Tentative Tract Map: To create five (5) single family lots on a 0.88 gross acre property.

**LOCATION/ADDRESS**  
227 S. Orange Blossom Ave., Avocado Heights  
[APN: 8112-002-004]

**ZONED DISTRICT**  
Pueño

**COMMUNITY**  
Avocado Heights

**ACCESS**  
Orange Blossom Avenue

**EXISTING ZONING**  
A-1-6,000 (Light Agricultural – 6,000 square feet min. required lot area)

**SIZE**  
0.88 gross acres

**EXISTING LAND USE**  
Single Family House

**SHAPE**  
Rectangular

**TOPOGRAPHY**  
Flat

### SURROUNDING LAND USES & ZONING

**North:** Single Family Residential / A-1-6,000

**East:** Single Family Residential / A-1-6,000

**South:** Single Family Residential / A-1-6,000

**West:** Single Family Residential / A-1-6,000

**GENERAL PLAN**

**DESIGNATION**

**MAXIMUM DENSITY**

**CONSISTENCY**

Los Angeles County  
General Plan

1 (Low Density Residential)

5 Dwelling Units

Yes

### ENVIRONMENTAL STATUS

A Negative Declaration has been recommended for this project pursuant to the California Environmental Quality Act ("CEQA") and the Los Angeles County Environmental Guidelines. Based on the initial study, it has been determined that the project will not have a significant effect on the environment.

### DESCRIPTION OF SITE PLAN

The tentative tract map dated January 23, 2006, depicts a subdivision consisting of five (5) single family lots on a 0.88 gross acre property. The subject property currently contains a single family house that will be removed. The proposed development will be accessed directly from S. Orange Blossom Avenue and via a 30-foot wide private driveway and fire lane extending along the southwest side of the project. No grading is proposed for the project.

### KEY ISSUES

- The subject property is located within the Avocado Heights Community Standards District ("CSD"). The proposed development conforms to all of the requirements of the CSD, and will be required to comply with all applicable requirements at the time of building permit issuance.

*(If more space is required, use opposite side)*

## **TENTATIVE TRACT MAP NO. 064246**

### **STAFF ANALYSIS**

**October 16, 2007 HEARING OFFICER PUBLIC HEARING**

#### **PROJECT OVERVIEW**

The applicant, Kimberly Dolfi, proposes to create five (5) single family lots on a 0.88 gross acre site. The subject property currently contains a single family house that is to be demolished.

A Negative Declaration has been recommended for this project pursuant to the California Environmental Quality Act ("CEQA") and the Los Angeles County Environmental Guidelines.

The proposed development is within the boundaries of the Avocado Heights Community Standards District ("CSD") and is required to comply with all of the land use requirements and development standards imposed by the CSD, as well as those imposed by the existing A-1-6,000 (Light Agricultural – 6,000 square feet min. required lot area) zone.

#### **DESCRIPTION OF PROJECT PROPERTY**

Location: The subject property is located at 227 South Orange Blossom Avenue in Avocado Heights. The Assessor's Parcel Number for the subject property is: 8112-002-004.

Physical Features: The subject property is approximately 0.88 acres in size. It is rectangular in shape with level topography. The subject property currently contains a single family house, which will be demolished. No grading is proposed as part of this project.

Access: Orange Blossom Avenue will provide ingress and egress access to Lots 1 and 2. A proposed shared 30-foot wide private driveway and fire lane will provide ingress and egress access to Lots 3, 4 and 5, from Orange Blossom Avenue.

Services: Potable water will be supplied by the San Gabriel Valley Water Company, a public water system, which guarantees water connection and service to all lots. Sewage disposal will be provided by the Los Angeles County Sanitation District #15.

**ENTITLEMENTS REQUESTED**

Tract Map: The applicant has requested the approval of Tentative Tract Map No. 064246. The subdivision request is to create five (5) single family lots on a 0.88 gross acre site.

**EXISTING ZONING**

The project site is zoned A-1-6,000. The areas to the north, south, east, and west of the subject property are also zoned A-1-6,000. The project design complies with the standards of the A-1-6,000 zone.

**EXISTING LAND USES**

The subject property currently contains a single family dwelling that is to be removed. The property is surrounded by residential development to the north, south, east, and west. This surrounding residential development is mostly characterized by single family dwellings. Approximately 700 feet northeast of the subject property, there is a strip of commercial and industrial uses along Valley Boulevard.

**PREVIOUS CASE/ZONING HISTORY**

The current A-1 zoning on the property became effective on October 11, 1943 following the adoption of Ordinance Number 4291 which created the Puente Zoned District.

**GENERAL PLAN CONSISTENCY**

The subject property is located within Category 1 (Low Density Residential) of the Land Use Policy Map of the Los Angeles Countywide General Plan ("Plan"). This category allows for a maximum density of 6 dwelling units per gross acre. The proposed density of this subdivision is 5.68 dwelling units per gross acre. Therefore, the applicant's proposal to create 5 single family lots on 0.88 gross acres of land is consistent with the density allowed by the Plan.

**AVOCADO HEIGHTS COMMUNITY STANDARDS DISTRICT**

Pursuant to Section 22.44.136 of the Los Angeles County Code ("County Code"), the applicant must meet all applicable development standards of the CSD. At the time of future development, the residences will be subject to plot plan review and must meet the development standards of the CSD and the County Code. These include minimum front yard depth, side yard setbacks, rear yard setbacks, and total lot coverage.

**PROJECT DESCRIPTION**

Tentative Tract Map No. 064246, dated January 23, 2006, depicts five (5) single family lots on a 0.88 gross acre piece of land. The rectangular-shaped subject property currently contains a single family house that will be removed. The topography of the site is generally level.

The size of the subject property is roughly 38,544 gross square feet. Two of the proposed lots will access directly off of Orange Blossom Avenue. The other three lots are in a flaglot configuration, and will access via a 30-foot wide shared private driveway and fire lane along the southwest side of the subject property. No grading is proposed as part of this project.

**ENVIRONMENTAL DOCUMENTATION**

A Negative Declaration has been recommended for this project pursuant to the California Environmental Quality Act ("CEQA") and the Los Angeles County Environmental Guidelines. It was determined that this project will not exceed the established threshold criteria for any environmental/service factor and, as a result, will not have a significant effect on the physical environment.

**COUNTY DEPARTMENT AND AGENCY COMMENTS AND RECOMMENDATIONS**

The Los Angeles County Subdivision Committee consists of the Departments of Regional Planning, Public Works, Fire, Parks and Recreation, and Public Health. The Subdivision Committee has reviewed the Tentative Tract Map dated January 23, 2006, and recommends approval of the project with the attached conditions.

**LEGAL NOTIFICATION/COMMUNITY OUTREACH**

On September 12, 2007, hearing notices regarding this proposal were mailed to all property owners as identified on the current Assessor's record within 1,000 feet of the subject property for a total of 245 notices.

The public hearing notice was published in The San Gabriel Valley Tribune newspaper on September 14, 2007 and La Opinion on September 14, 2007. Project materials, including a Tentative Tract Map, Land Use Map, and County draft conditions of approval were received at the La Puente Public Library on September 16, 2007. One hearing notice was posted on the subject property on September 13, 2007.

### **CORRESPONDENCE RECEIVED**

Staff received one piece of correspondence regarding this case. In their letter dated October 5, 2007, The Workman Mill Association voiced their concerns regarding a zone change that would reduce the lot size from the current A-1-6,000 zone.

No zone change is proposed and the project will have to meet all of the requirements of the A-1-6,000 zone.

### **STAFF EVALUATION**

The proposed development is consistent with all applicable provisions of the General Plan and the A-1-6,000 zoning district. The subject property is surrounded by compatible uses and has access to a County-maintained street. All required public services and necessary infrastructure can be provided for the proposed subdivision.

The proposed development is consistent with existing residential development. The project is located in an urban area and no degradation of natural features is expected. The site has level topography.

Section 21.32.195 of the County Code requires a minimum of one (1) tree be planted in the front yard of each new residential lot. Therefore, five (5) front yard trees will be required for this subdivision.

### **STAFF RECOMMENDATION**

Staff recommends that the Hearing Officer close the public hearing, adopt the negative declaration, and approve Tentative Tract Map No. 064246 with the attached findings and conditions.

**DRAFT CONDITIONS:**

1. Conform to the applicable requirements of Title 22 of the Los Angeles County Code ("County Code") (Zoning Ordinance), the area requirements of the R-A zone, and the East Pasadena-San Gabriel Community Standards District.
2. Place the following note as stated on the final map: "Parcel 1 of this map is approved as a condominium project for a total of two detached residential units whereby the owners of the units of air space will hold an undivided interest in the common areas which will in turn provide the necessary access and utility easement for the units." Place this note to the satisfaction of the Los Angeles County Department of Regional Planning ("Regional Planning") and Los Angeles County Department of Public Works ("Public Works").
3. Submit a copy of the Covenants, Conditions, and Restrictions ("CC&R's") to Regional Planning for review and approval.
4. Label the driveway as "Private Driveway and Firelane" on the final map.
5. Post the driveway with "No Parking—Fire Lane" signs and provide for its continued enforcement in the CC&R's. Submit a copy of the document to be recorded to the Department of Regional Planning for approval prior to final map approval.
6. Provide in the CC&R's a method for ensuring that an adequate lighting system along all walkways is constructed within the common areas to the satisfaction of Regional Planning. Submit a copy of the document to be recorded to Regional Planning prior to final map approval.
7. Provide in the CC&R's a method for continual maintenance of the common areas, including the driveways and the lighting system along the walkways to the satisfaction of Regional Planning. Submit a copy of the document to be recorded to Regional Planning prior to final map approval.
8. A final parcel map is required for this land division. A parcel map waiver is not allowed.
9. The subdivider or the current owner shall plant at least one tree within the front yard of each parcel with recommendation of one extra tree for a total of two trees. The location and the species of the trees may be incorporated into a site plan or landscape plan to be approved by the Director of Regional Planning. Prior to final map approval, a bond shall be

posted with the Los Angeles County Department of Public Works ("Public Works") or other verification shall be submitted to the satisfaction of Regional Planning to ensure the planting of the required trees.

10. Demolish existing garage and provide proof of demolition of existing prior to final map approval.
11. Construct a new garage for Unit 1 as depicted on the approved exhibit map dated April 23, 2007. Provide proof of construction prior to final map approval.
12. The subdivider shall defend, indemnify and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void or annul this approval, which action is brought within the applicable time period of Government Code Section 65499.37 or any other applicable limitation period. The County shall promptly notify the subdivider of any claim, action or proceeding and the County shall cooperate fully in the defense. If the County fails to promptly notify the subdivider of any claim, action or proceeding, or if the County fails to cooperate fully in the defense, the subdivider shall not, thereafter, be responsible to defend, indemnify, or hold harmless the County.
13. In the event that any claim, action, or proceeding as described above is filed against the County, the subdivider shall within ten days of the filing pay Regional Planning an initial deposit of \$5,000, from which actual costs shall be billed and deducted for the purpose of defraying the expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance to the subdivider or subdivider's counsel. The subdivider shall pay the following supplemental deposits, from which actual costs shall be billed and deducted:
  - a. If during the litigation process, actual costs incurred reach 80 percent of the amount on deposit, the subdivider shall deposit additional funds sufficient to bring the balance up to the amount of the initial deposit. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.
  - b. At the sole discretion of the subdivider, the amount of an initial or supplemental deposit may exceed the minimum amounts defined herein.

The cost of the collection and duplication of records and other related documents will be paid by the subdivider according to County Code Section 2.170.010.

Except as modified herein above, this approval is subject to all those conditions set forth in the attached reports recommended by the Los Angeles County Subdivision Committee, which consists of Public Works, Los Angeles County Fire Department, Los Angeles County Department of Parks and Recreation and the Los Angeles County Department of Public Health, in addition to Regional Planning.

COUNTY OF LOS ANGELES  
DRAFT FINDINGS OF THE HEARING OFFICER  
FOR TENTATIVE TRACT MAP NO. 064246

1. The Hearing Officer of the County of Los Angeles ("Hearing Officer") has conducted a public hearing on the matter of Tentative Tract Map No. 064246 on October 16, 2007.
2. Tentative Tract Map No. 064246 is a request to create five (5) single family lots, including three (3) lots in a flag lot configuration, on 0.88 gross acres of land.
3. The site is located at 227 S. Orange Blossom Avenue in the unincorporated community of Avocado Heights.
4. The subject property is approximately 0.88 gross acres in size. It has a rectangular shape with level topography. The subject property currently contains a single family house that will be removed.
5. Two single family lots will take access from South Orange Blossom Avenue directly. The other three flag lots will access via a shared 30 foot wide private driveway and fire lane.
6. The project site is zoned A-1-6,000 (Light Agricultural – 6,000 Square Feet Minimum Required Lot Area).
7. The areas to the north, south, east, and west of the subject property are also zoned A-1-6,000.
8. The subject property currently contains a single family house (which is to be removed). The property is surrounded by single family residential development to the north, south, east, and west. Approximately 700 feet northeast of the subject property, there is a strip of commercial and industrial uses along Valley Boulevard.
9. The project design complies with the standards of the A-1-6,000 zoning classification. Single-family houses are permitted in the A-1-6,000 zone pursuant to Section 22.24.070 of the Los Angeles County Code ("County Code").
10. The subject property is located within Category 1 (Low Density Residential) of the Los Angeles Countywide General Plan ("General Plan"). This category allows for a maximum density of 6 dwelling units per gross acre. This project proposes a density of 5.68 dwelling units per gross acre.

Therefore, this project is consistent with the density permitted by the General Plan.

11. The Hearing Officer finds the proposed project is consistent with the goals and policies of the General Plan.
12. At the October 16, 2007 public hearing, the Hearing Officer heard staff presentation and oral testimony from the project representative regarding the proposed development.
13. The site is physically suitable for the density and type of development proposed since it has access to a County-maintained street, will be served by public sewers, and will be provided with water supplies and distribution facilities to meet anticipated domestic and fire protection needs.
14. The division and development of the property in the manner set forth on this map will not unreasonably interfere with the free and complete exercise of public entity and/or public utility rights-of-way and/or easements within this map, since the design and development as set forth in the conditions of approval and shown on the tentative map provide adequate protection for any such easements.
15. Pursuant to Article 3.5 of the Subdivision Map Act, the proposed subdivision does not contain or front upon any public waterway, river, stream, coastline, shoreline, lake or reservoir.
16. The discharge of sewage from this land division into the public sewer system will not violate the requirements of the California Regional Water Quality Control Board pursuant to Division 7 (Commencing with Section 13000) of the California Water Code.
17. The housing and employment needs of the region were considered and balanced against the public service needs of local residents and available fiscal and environmental resources when the project was determined to be consistent with the General Plan.
18. A Negative Declaration has been recommended for this project pursuant to the California Environmental Quality Act ("CEQA") and the Los Angeles County Environmental Guidelines. It was determined that this project will not exceed the established threshold criteria for any environmental/service factor and, as a result, will not have a significant effect on the physical environment.
19. The applicant will be required to remit a \$1,850.00 processing fee payable to the County of Los Angeles in connection with the filing and posting of a Notice of Determination in compliance with Section 21152 of the California

Public Resources Code and Section 711 of the California Fish and Game Code to defray the costs of fish and wildlife protection and management incurred by the California Department of Fish and Game. No project subject to this requirement is final, vested or operative until the fee is paid.

THEREFORE, in view of the findings of fact and conclusions presented above, Tentative Tract Map No. 064246 is approved, subject to the attached conditions established by the Hearing Officer and recommended by the Los Angeles County Subdivision Committee.

DRAFT

**DEPARTMENT OF REGIONAL PLANNING  
TENTATIVE TRACT MAP NO. 064246**

**Map Date: January 23, 2006**

**DRAFT CONDITIONS:**

1. Conform to the requirements of Title 21 of the Los Angeles County Code ("County Code"), the requirements of the A-1-6,000 zone, and the Avocado Heights Community Standards District.
2. Label the driveway as "Private Driveway and Fire Lane" on the final map.
3. Submit a copy of the project Maintenance Agreement for the Private Driveway and Fire Lane to the Los Angeles County Department of Regional Planning ("Regional Planning") for review and approval.
4. Post the common driveway as "No Parking" and provide for its continued enforcement in the Maintenance Agreement. Submit a copy of this document to be recorded to Regional Planning prior to final map approval.
5. In accordance with Section 21.32.195 of the County Code, the Subdivider or successor in interest shall plant or cause to be planted at least one (1) tree of a non-invasive species within the front yard of each residential lot. The location and the species of said trees shall be incorporated into a site plan or landscape plan. Prior to final map approval, the site/landscaping plan shall be approved by Regional Planning, and a bond shall be posted with the Los Angeles County Department of Public Works or other verification shall be submitted to the satisfaction of Regional Planning to ensure the planting of the required trees.
6. Within five (5) days of the tentative map approval date, remit a \$1,850.00 processing fee payable to the County of Los Angeles in connection with the filing and posting of a Notice of Determination in compliance with Section 21152 of the California Public Resources Code and Section 711 of the California Fish and Game Code to defray the costs of fish and wildlife protection and management incurred by the California Department of Fish and Game. No project subject to this requirement is final, vested or operative until the fee is paid.
7. Provide Regional Planning with proof of removal of the existing single family house prior to final map approval.
8. The Subdivider shall defend, indemnify and hold harmless the County of Los Angeles ("County"), its agents, officers, and employees from any claim, action or proceeding against the County or its agents, officers, and employees to attack, set aside, void or annul this parcel map approval, or related discretionary approvals, whether legislative or quasi-judicial, which action is brought within the applicable time period of the Government Code Section 65499.37 or any other applicable time period. The County

shall promptly notify the Subdivider of any claim, action or proceeding and the County shall cooperate fully in the defense. If the County fails to promptly to notify the Subdivider of any claim, action or proceeding, or the County fails to cooperate fully in the defense, the Subdivider shall not thereafter be responsible to defend, indemnify, or hold harmless the County.

9. In the event that any claim, action or proceeding as described above is filed against the County, the Subdivider shall within ten days of the filing pay Regional Planning an initial deposit of \$5,000.00 from which actual costs shall be billed and deducted for the purpose of defraying the expense involved in the department's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance to the Subdivider, or the Subdivider's counsel. The Subdivider shall pay the following supplemental deposits, from which actual costs shall be billed and deducted:

- a. If during the litigation process, actual costs incurred reach 80 percent of the deposit amount, the Subdivider shall deposit additional funds to bring the balance up to the amount of the initial deposit. There is no limit to the number of supplemental deposits that may be required prior to the completion of the litigation.
- b. At the sole discretion of the Subdivider, the amount of the initial or supplemental deposit may exceed the minimum amounts defined herein.

The cost for collection and duplication of records and other related documents will be paid by the Subdivider according to the County Code Section 2.170.010.

Except as modified herein above, this approval is subject to all the conditions set forth in the attached reports recommended by the Los Angeles County Subdivision Committee.

COUNTY OF LOS ANGELES  
DEPARTMENT OF PUBLIC WORKS  
LAND DEVELOPMENT DIVISION – SUBDIVISION  
TRACT NO. 064246 (Rev.)

Page 1/2

TENTATIVE MAP DATED 01-23-2006

The following reports consisting of 9 pages are the recommendations of Public Works.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each lot/parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Undergrounding of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.
6. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
7. Quitclaim or relocate easements running through proposed structures.

8. Label driveways and multiple access strips as "Private Driveway and Fire Lane" and delineate on the final map to the satisfaction of Public Works.
9. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, and maintenance purposes, etc., in documents over the common private driveways to the satisfaction of Public Works.
10. Remove existing buildings prior to final map approval. Demolition permits are required from the Building and Safety office.
11. A final tract map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office.
12. Prior to submitting the tract map to the Director of Public Works for examination pursuant to Section 66442 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
13. A final guarantee will be required at the time of filing of the final map with the Registrar-Recorder/County Clerk's Office.
14. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$2,000 (Minor Land Divisions) or \$5,000 (Major Land Divisions) with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances. This deposit will cover the actual cost of reviewing conditions of approval for Conditional Use Permits, Tentative Tract and Parcel Maps, Vesting Tentative Tract and Parcel Maps, Oak Tree Permits, Specific Plans, General Plan Amendments, Zone Changes, CEQA Mitigation Monitoring Programs and Regulatory Permits from State and Federal Agencies (Fish and Game, USF&W, Army Corps, RWQCB, etc.) as they relate to the various plan check activities and improvement plan designs. In addition, this deposit will be used to conduct site field reviews and attend meetings requested by the applicant and/or his agents for the purpose of resolving technical issues on condition compliance as they relate to improvement plan design, engineering studies, highway alignment studies and tract/parcel map boundary, title and easement issues. When 80% of the deposit is expended, the applicant will be required to provide additional funds to restore the initial deposit. Remaining balances in the deposit account will be refunded upon final map recordation.

GEOLOGIST		REPORT DATE	
SOILS ENGINEER	Geo-Ekta	REPORT DATE	04-20-06

[ ] **TENTATIVE MAP FEASIBILITY IS RECOMMENDED FOR APPROVAL. PRIOR TO FILING THE FINAL LAND DIVISION MAP, THE FOLLOWING CONDITIONS MUST BE FULFILLED:**

- [ ] The final map must be approved by the Geotechnical and Materials Engineering Division (GMED) to assure that all geotechnical factors have been properly evaluated.
- [ ] A grading plan must be geotechnically approved by the GMED. This grading plan must be based on a detailed engineering geology report and/or soils engineering report and show all recommendations submitted by them. It must also agree with the tentative map and conditions as approved by the Planning Commission. If the subdivision is to be recorded prior to the completion and acceptance of grading, corrective geologic bonds will be required.
- [ ] All geologic hazards associated with this proposed development must be eliminated,  
or  
delineate restricted use areas, approved by the consultant geologist and/or soils engineer, to the satisfaction of the Geology and Soils Sections, and dedicate to the County the right to prohibit the erection of buildings or other structures within the restricted use areas.
- [ ] A statement entitled: "Geotechnical Note(s), Potential Building Site: For grading and corrective work requirements for access and building areas for Lot(s) No(s). \_\_\_\_\_ refer to the Soils Report(s) by \_\_\_\_\_, dated \_\_\_\_\_."
- [ ] The Soils Engineering review dated \_\_\_\_\_ is attached.

[X] **TENTATIVE MAP IS APPROVED FOR FEASIBILITY. THE FOLLOWING INFORMATION IS APPLICABLE TO THIS DIVISION OF LAND:**

- [ ] This project may not qualify for a waiver of final map under section 21.48.140 of the Los Angeles County Title 21 Subdivision Code.
- [X] The subdivider is advised that approval of this division of land is contingent upon the installation and use of a sewer system.
- [X] Soils engineering reports may be required prior to approval of building or grading plans.
- [ ] Groundwater is less than 10 feet from the ground surface on lots \_\_\_\_\_
- [X] The Soils Engineering review dated 8-3-06 is attached.

Tentative Map feasibility is recommended for approval.

NOTE(S) TO THE PLAN CHECKER/BUILDING AND SAFETY ENGINEER:

ON-SITE SOILS ARE MODERATELY CORROSIVE TO FERROUS METALS.

Prepared by Brian D. Smith Date 8/3/06

**NOTICE:** Public safety, relative to geotechnical subsurface exploration, shall be provided in accordance with current codes for excavations, inclusive of the Los Angeles County Code, Chapter 11.48, and the State of California, Title 8, Construction Safety Orders.  
P:\gmepub\Soils Review\Smith\TR 64246, Orange Blossom Avenue, La Puente, TTM-A\_3.doc

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Close any unused driveway with standard curb and gutter along the property frontage on Orange Blossom Avenue.
2. Repair any broken or damaged curb, gutter, driveway apron, and pavement along the property frontage on Orange Blossom Avenue to the satisfaction of Public Works.
3. Construct sidewalk along the property frontage on Orange Blossom Avenue to the satisfaction of Public Works. Public Works has no objection if sidewalk is waived along the property frontage on Orange Blossom Avenue. Sidewalks will not be in keeping with the neighborhood pattern.
4. Plant street trees along the property frontage on Orange Blossom Avenue to the satisfaction of Public Works. Existing trees in dedicated right of way shall be removed and replaced if not acceptable as street trees.
5. Comply with the following street lighting requirements:
  - a. Provide street lights on concrete poles with underground wiring along the property frontage on Orange Blossom Avenue to the satisfaction of Public Works. Submit street lighting plans as soon as possible for review and approval to the Street Lighting Section of the Traffic and Lighting Division. For additional information, please contact the Street Lighting Section at (626) 300-4726.
  - b. The proposed development is within an existing Lighting District. For acceptance of street light transfer of billing, all street lights in the development, or the current phase of the development, must be constructed according to Public Works approved plans. The contractor shall submit one complete set of "as-built" plans. Provided the above conditions are met, all street lights in the development, or the current phase of the development, have been energized, and the developer has requested a transfer of billing at least by January 1 of the previous year, the Lighting District can assume responsibility for the operation and maintenance of the street lights by July 1 of any given year.
6. Underground all existing service lines and distribution lines that are less than 50 KV and new utility lines to the satisfaction of Public Works and Southern California Edison. Please contact Construction Division at (626) 458-3129 for new location of any above ground utility structure in the parkway.

7. Install postal delivery receptacles in groups to serve two or more residential lots.
8. Prior to final map approval, enter into an agreement with the County franchised cable TV operator (if an area is served) to permit the installation of cable in a common utility trench to the satisfaction of Public Works; or provide documentation that steps to provide cable TV to the proposed subdivision have been initiated to the satisfaction of Public Works.

HW

Prepared by Theresa J. Nolin

Phone (626) 458-4915

Date 03-13-2006

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. The subdivider shall install separate house laterals to the existing sewer main line in Orange Blossom Avenue to serve each lot in the land division.
2. A sewer area study for the proposed subdivision (PC11954AS, dated 2-22-2007) was reviewed and approved. No additional mitigation measures are required. The approved sewer area study shall remain valid for two years after initial approval of the tentative map. After this period of time, an update of the area study shall be submitted by the applicant if determined to be warranted by Public Works.
3. Obtain a will serve letter from the Los Angeles County Sanitation District for the discharge of sewer into the sewers trunk line.

Date 03-28-2007

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. A water system maintained by the water purveyor, with appurtenant facilities to serve all lots in the land division, must be provided. The system shall include fire hydrants of the type and location (both on-site and off-site) as determined by the Fire Department. The water mains shall be sized to accommodate the total domestic and fire flows.
2. There shall be filed with Public Works a statement from the water purveyor indicating that the water system will be operated by the purveyor, and that under normal conditions, the system will meet the requirements for the land division, and that water service will be provided to each lot.

# COUNTY OF LOS ANGELES

## FIRE DEPARTMENT

5823 Rickenbacker Road  
Commerce, California 90040

### CONDITIONS OF APPROVAL FOR SUBDIVISION - UNINCORPORATED

Subdivision: TR064246 Map Date 23-January-06

C.U.P. \_\_\_\_\_ Vicinity Map 0303A

- ☐ **FIRE DEPARTMENT HOLD** on the tentative map shall remain until verification from the Los Angeles County Fire Dept. Planning Section is received, stating adequacy of service. Contact (323) 881-2404.
- ☒ Access shall comply with Title 21 (County of Los Angeles Subdivision Code) and Section 902 of the Fire Code, which requires all weather access. All weather access may require paving.
- ☒ Fire Department access shall be extended to within 150 feet distance of any exterior portion of all structures.
- ☒ Where driveways extend further than 150 feet and are of single access design, turnarounds suitable for fire protection equipment use shall be provided and shown on the final map. Turnarounds shall be designed, constructed and maintained to insure their integrity for Fire Department use. Where topography dictates, turnarounds shall be provided for driveways that extend over 150 feet in length.
- ☒ The private driveways shall be indicated on the final map as "Private Driveway and Firelane" with the widths clearly depicted. Driveways shall be maintained in accordance with the Fire Code.
- ☐ Vehicular access must be provided and maintained serviceable throughout construction to all required fire hydrants. All required fire hydrants shall be installed, tested and accepted prior to construction.
- ☐ This property is located within the area described by the Fire Department as "Very High Fire Hazard Severity Zone" (formerly Fire Zone 4). A "Fuel Modification Plan" shall be submitted and approved prior to final map clearance. (Contact: Fuel Modification Unit, Fire Station #32, 605 North Angeleno Avenue, Azusa, CA 91702-2904, Phone (626) 969-5205 for details).
- ☒ Provide Fire Department or City approved street signs and building access numbers prior to occupancy.
- ☐ Additional fire protection systems shall be installed in lieu of suitable access and/or fire protection water.
- ☐ The final concept map, which has been submitted to this department for review, has fulfilled the conditions of approval recommended by this department for access only.
- ☐ These conditions must be secured by a C.U.P. and/or Covenant and Agreement approved by the County of Los Angeles Fire Department prior to final map clearance.
- ☐ The Fire Department has no additional requirements for this division of land.

Comments: The proposed driveway shall provide the following paved widths: From Orange Blossom to the lot line between lots 3-4 shall be 24', adjacent to lot 4 shall provide 20' minimum pavement, lot 5 shall provide 15' pavement to within 150' of all exterior walls.

By Inspector: Juan C. Padilla Date April 13, 2006

## FIRE DEPARTMENT

5823 Rickenbacker Road  
Commerce, California 90040

### WATER SYSTEM REQUIREMENTS - UNINCORPORATED

Subdivision No. TR064246 Tentative Map Date 23-January-06

Revised Report yes

- ☐ The County Forester and Fire Warden is prohibited from setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted. However, water requirements may be necessary at the time of building permit issuance.
- ☐ The required fire flow for public fire hydrants at this location is \_\_\_\_\_ gallons per minute at 20 psi for a duration of \_\_\_\_\_ hours, over and above maximum daily domestic demand. \_\_\_\_\_ Hydrant(s) flowing simultaneously may be used to achieve the required fire flow.
- ☐ The required fire flow for private on-site hydrants is \_\_\_\_\_ gallons per minute at 20 psi. Each private on-site hydrant must be capable of flowing \_\_\_\_\_ gallons per minute at 20 psi with two hydrants flowing simultaneously, one of which must be the furthest from the public water source.
- ☐ Fire hydrant requirements are as follows:
- Install \_\_\_\_\_ public fire hydrant(s). Verify / Upgrade existing \_\_\_\_\_ public fire hydrant(s).
- Install \_\_\_\_\_ private on-site fire hydrant(s).
- ☐ All hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, conforming to current AWWA standard C503 or approved equal. All on-site hydrants shall be installed a minimum of 25' feet from a structure or protected by a two (2) hour rated firewall.
- ☐ Location: As per map on file with the office.
- ☐ Other location: \_\_\_\_\_
- ☐ All required fire hydrants shall be installed, tested and accepted or bonded for prior to Final Map approval. Vehicular access shall be provided and maintained serviceable throughout construction.
- ☐ The County of Los Angeles Fire Department is not setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted.
- ☐ Additional water system requirements will be required when this land is further subdivided and/or during the building permit process.
- ☒ Hydrants and fire flows are adequate to meet current Fire Department requirements.
- ☐ Upgrade not necessary, if existing hydrant(s) meet(s) fire flow requirements. Submit original water availability form to our office.

Comments: Per San Gabriel Valley Water Company, fire hydrant and fire flow are adequate.

All hydrants shall be installed in conformance with Title 20, County of Los Angeles Government Code and County of Los Angeles Fire Code, or appropriate city regulations. This shall include minimum six-inch diameter mains. Arrangements to meet these requirements must be made with the water purveyor serving the area.

LOS ANGELES COUNTY  
DEPARTMENT OF PARKS AND RECREATION

PARK OBLIGATION REPORT

Tentative Map # 64246      DRP Map Date: 01/23/2006      SCM Date: / /      Report Date: 03/09/2006  
Park Planning Area # 7      AVOCADO HEIGHTS / WEST PUENTE VALLEY      Map Type: REV. (REV RECD)

Total Units **5** = Proposed Units **4** + Exempt Units **1**

Sections 21.24.340, 21.24.350, 21.28.120, 21.28.130, and 21.28.140, the County of Los Angeles Code, Title 21, Subdivision Ordinance provide that the County will determine whether the development's park obligation is to be met by:

- 1) the dedication of land for public or private park purpose or,
- 2) the payment of in-lieu fees or,
- 3) the provision of amenities or any combination of the above.

The specific determination of how the park obligation will be satisfied will be based on the conditions of approval by the advisory agency as recommended by the Department of Parks and Recreation.

Park land obligation in acres or in-lieu fees:

ACRES:	0.05
IN-LIEU FEES:	\$10,319

Conditions of the map approval:

The park obligation for this development will be met by:

The payment of \$10,319 in-lieu fees.

Trails:

No trails.

Comments:

5 single family lots, with credit for 1 existing house to be removed, net density increase of 4 units.

Contact Patrocenia T. Sobrepeña, Departmental Facilities Planner I, Department of Parks and Recreation, 510 South Vermont Avenue, Los Angeles, California, 90020 at (213) 351-5120 for further information or an appointment to make an in-lieu fee payment.

For information on Hiking and Equestrian Trail requirements contact Trail Coordinator at (213) 351-5135.

PARK OBLIGATION WORKSHEET

Tentative Map # 64246

DRP Map Date: 01/23/2006

SMC Date: / /

Report Date: 03/09/2006

Park Planning Area # 7

AVOCADO HEIGHTS / WEST PUENTE VALLEY

Map Type: REV. (REV RECD)

The formula for calculating the acreage obligation and or In-lieu fee is as follows:

$$(P) \text{ people} \times (0.003) \text{ Goal} \times (U) \text{ nits} = (X) \text{ acres obligation}$$

$$(X) \text{ acres obligation} \times \text{RLV/Acre} = \text{In-Lieu Base Fee}$$

Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census\*. Assume \* people for detached single-family residences; Assume \* people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume \* people for apartment houses containing five or more dwelling units; Assume \* people for mobile homes.

Goal = The subdivision ordinance allows for the goal of 3.0 acres of park land for each 1,000 people generated by the development. This goal is calculated as "0.0030" in the formula.

U = Total approved number of Dwelling Units.

X = Local park space obligation expressed in terms of acres.

RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units  = Proposed Units  + Exempt Units

	People*	Goal 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	4.53	0.0030	4	0.05
M.F. < 5 Units	4.60	0.0030	0	0.00
M.F. >= 5 Units	2.71	0.0030	0	0.00
Mobile Units	3.18	0.0030	0	0.00
Exempt Units			1	
Total Acre Obligation =				0.05

Park Planning Area = 7 AVOCADO HEIGHTS / WEST PUENTE VALLEY

Tract Map No. 064246

Vicinity: La Puente

Tentative Tract Map Date: January 23, 2006 (1<sup>st</sup> Revision)

The Los Angeles County Department of Health Services' conditions of approval for **Tentative Tract Map 064246** are unchanged by the submission of the revised map. The following conditions apply and are in force:

1. Potable water will be supplied by the **San Gabriel Valley Water Company**, a public water system, which guarantees water connection and service to all lots. The "will serve" letter from the indicated water company has been received by the Department.
2. Sewage disposal will be provided through the public sewer and wastewater treatment facilities of the **Los Angeles County Sanitation District #15** as proposed.
3. Existing septic systems shall be emptied of effluent and removed or filled with approved materials.

If you have any questions or need additional information, please contact me at (626) 430-5380.

\*\*\*\*\* INITIAL STUDY \*\*\*\*\*

COUNTY OF LOS ANGELES  
DEPARTMENT OF REGIONAL PLANNING

GENERAL INFORMATION

I.A. Map Date: 8/19/2005 Staff Member: Dean Edwards

Thomas Guide: 637 H4 USGS Quad: Baldwin Park

Location: 227 South Orange Blossom Avenue, La Puente

Description of Project: The proposed project is a request for a Tentative Tract Map to allow the creation of five (5) single-family residential lots ranging in size from .14 to .23 acres. Orange Blossom Avenue will provide ingress and egress access to Lots 1 and 2. A proposed shared private driveway will provide ingress and egress access to Lots 3, 4 and 5, each with a 10 foot wide easement, from Orange Blossom Avenue. No more than 500 cubic feet or grading is anticipated and will be balanced on the site. The existing residence located on proposed Lots 1 & 2 and on the proposed driveway, will be demolished.

Gross Area: Approximately .88 acre

Environmental Setting: The project site is located southeast of the San Gabriel Freeway (605), southwest of East Valley Boulevard, northwest of Workman Hill Road in the Avocado Heights community. The site is surrounded by single family residences. Commercial uses are located to the north along East Valley Boulevard and Ethel D. Keenan Elementary School is located to the south. A 16 foot wide storm drain easement crosses proposed Lots 4 & 5 and a 12 foot wide storm drain easement parallels the northeast property boundary. There are four trees located on the site, including 2 sycamore trees and an olive tree, that will be removed.

Zoning: A-1-6000

General Plan: 1: Low Density Residential

Community/Area Wide Plan: Avocado Heights CSD

**Major projects in area:**

<u>Project Number</u>	<u>Description &amp; Status</u>
<u>90271/TR49459</u>	<u>5 single-family residential units on .948 acres; Approved</u>
<u>89368/CP89368</u>	<u>Conditional Use Permit for a cabaret and signs; Approved</u>
<u>95025/TR51988, ZC95025</u>	<u>12 single-family lots and 5 commercial lots on 2.94 acres; Recorded</u>
<u>86076/CP86076</u>	<u>36 room motel on .41 acre lot; Denied</u>
<u>97060/CP97060, ZC97060</u>	<u>Materials recovery facility; Approved</u>
<u>TR062621</u>	<u>109 detached condominiums on 17.35 acres; Pending</u>

NOTE: For EIRs, above projects are not sufficient for cumulative analysis.

## **DEVELOPMENT MONITORING SYSTEM (DMS)**

\*

As required by the Los Angeles County General Plan, DMS shall be employed in the Initial Study phase of the environmental review procedure as prescribed by state law.

- Development Policy Map Designation: 1 Revitalization
- ☐ Yes ☒ No Is the project located in the Antelope Valley, East San Gabriel Valley, Malibu/Santa Monica Mountains or Santa Clarita Valley planning area?
- ☐ Yes ☒ No Is the project at urban density and located within, or proposes a plan amendment to, an urban expansion designation?

If both of the above questions are answered "yes", the project is subject to a County DMS analysis.

☐ Check if DMS printout generated (attached)

Date of printout: \_\_\_\_\_

☐ Check if DMS overview worksheet completed (attached)

\*EIRs and/or staff reports shall utilize the most current DMS information available.

## Environmental Finding:

FINAL DETERMINATION: On the basis of this Initial Study, the Department of Regional Planning finds that this project qualifies for the following environmental document:

- ☒ NEGATIVE DECLARATION, inasmuch as the proposed project will not have a significant effect on the environment.

An Initial Study was prepared on this project in compliance with the State CEQA Guidelines and the environmental reporting procedures of the County of Los Angeles. It was determined that this project will not exceed the established threshold criteria for any environmental/service factor and, as a result, will not have a significant effect on the physical environment.

- ☐ MITIGATED NEGATIVE DECLARATION, inasmuch as the changes required for the project will reduce impacts to insignificant levels (see attached discussion and/or conditions).

An Initial Study was prepared on this project in compliance with the State CEQA Guidelines and the environmental reporting procedures of the County of Los Angeles. It was originally determined that the proposed project may exceed established threshold criteria. The applicant has agreed to modification of the project so that it can now be determined that the project will not have a significant effect on the physical environment. The modification to mitigate this impact(s) is identified on the Project Changes/Conditions Form included as part of this Initial Study.

- ☐ ENVIRONMENTAL IMPACT REPORT\*, inasmuch as there is substantial evidence that the project may have a significant impact due to factors listed above as "significant."

- ☐ At least one factor has been adequately analyzed in an earlier document pursuant to legal standards, and has been addressed by mitigation measures based on the earlier analysis as described on the attached sheets (see attached Form DRP/IA 101). The EIR is required to analyze only the factors not previously addressed.

Reviewed by: Dean Edwards

Date: 21 SEPTEMBER 2006

Approved by: Daryl Hartink

Date: 21 SEPTEMBER 2006

- ☒ This proposed project is exempt from Fish and Game CEQA filling fees. There is no substantial evidence that the proposed project will have potential for an adverse effect on wildlife or the habitat upon which the wildlife depends. (Fish & Game Code 753.5).

- ☐ Determination appealed--see attached sheet.

\*NOTE: Findings for Environmental Impact Reports will be prepared as a separate document following the public hearing on the project.

## HAZARDS - 1. Geotechnical

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☐ ☒ Is the project site located in an active or potentially active fault zone, Seismic Hazards Zone, or Alquist-Priolo Earthquake Fault Zone?  
*The project site is not located near a Fault Trace or Seismic Zone but it is in a Liquefaction Zone.*
- b. ☐ ☒ ☐ Is the project site located in an area containing a major landslide(s)?  
*The project site is not located in a Landslide Zone.*
- c. ☐ ☒ ☐ Is the project site located in an area having high slope instability?  
*The project site is not located in an area having high slope instability.*
- d. ☒ ☐ ☐ Is the project site subject to high subsidence, high groundwater level, liquefaction, or hydrocompaction?  
*The project site is located in a Liquefaction Zone.*
- e. ☐ ☒ ☐ Is the proposed project considered a sensitive use (school, hospital, public assembly site) located in close proximity to a significant geotechnical hazard?  
*The project is for a residential development.*
- f. ☐ ☒ ☐ Will the project entail substantial grading and/or alteration of topography including slopes of more than 25%?  
*The project site slopes less than 25%.*
- g. ☐ ☒ ☐ Would the project be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?  
\_\_\_\_\_
- h. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☒ Building Ordinance No. 2225 C Sections 308B, 309, 310 and 311 and Chapters 29 and 70.

☐ MITIGATION MEASURES / ☒ OTHER CONSIDERATIONS

☐ Lot Size ☐ Project Design ☒ Approval of Geotechnical Report by DPW

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be impacted by, **geotechnical** factors?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## HAZARDS - 2. Flood

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Is a major drainage course, as identified on USGS quad sheets by a dashed line, located on the project site?  
The USGS quad sheet does not show a dashed line through the project area.
- b. ☐ ☒ ☐ Is the project site located within or does it contain a floodway, floodplain, or designated flood hazard zone?  
The project site is not located near a FEMA Q3 Flood Zone.
- c. ☐ ☒ ☐ Is the project site located in or subject to high mudflow conditions?  
The mudflow potential is low.
- d. ☐ ☒ ☐ Could the project contribute or be subject to high erosion and debris deposition from run off?  
The project is not in an area subject to high erosion.
- e. ☐ ☒ ☐ Would the project substantially alter the existing drainage pattern of the site or area?  
Site drainage will be to the north via the private driveway with a proposed construction of a drop inlet to the existing county storm drain.
- f. ☐ ☐ ☐ Other factors (e.g., dam failure)? \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

- ☐ Building Ordinance No. 2225 C Section 308A ☐ Ordinance No. 12,114 (Floodways)  
☒ Approval of Drainage Concept by DPW

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

- ☐ Lot Size ☐ Project Design

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be impacted by **flood (hydrological)** factors?

- ☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

### HAZARDS - 3. Fire

#### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Is the project site located in a Very High Fire Hazard Severity Zone (Fire Zone 4)?  
The project site is not in a Severe Fire Hazard Zone.
- b. ☐ ☒ ☐ Is the project site in a high fire hazard area and served by inadequate access due to lengths, widths, surface materials, turnarounds or grade?  
The project site is not in a Severe Fire Hazard Zone.
- c. ☐ ☒ ☐ Does the project site have more than 75 dwelling units on a single access in a high fire hazard area? The proposed project is for less than 75 dwelling units.
- d. ☐ ☒ ☐ Is the project site located in an area having inadequate water and pressure to meet fire flow standards? \_\_\_\_\_
- e. ☐ ☒ ☐ Is the project site located in close proximity to potential dangerous fire hazard conditions/uses (such as refineries, flammables, explosives manufacturing)?  
There are no known potentially dangerous fire hazard conditions or uses near the project site.
- f. ☐ ☒ ☐ Does the proposed use constitute a potentially dangerous fire hazard?  
The proposed use is residential and is not considered a potentially dangerous fire hazard.
- g. ☐ ☐ ☐ Other factors? \_\_\_\_\_

#### STANDARD CODE REQUIREMENTS

☒ Water Ordinance No. 7834 ☒ Fire Ordinance No. 2947 ☒ Fire Regulation No. 8

☐ Fuel Modification/Landscape Plan

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Project Design

☐ Compatible Use

#### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be impacted by **fire hazard** factors?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## HAZARDS - 4. Noise

### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☐ ☒ Is the project site located near a high noise source (airports, railroads, freeways, industry)?

A railroad is located .18 miles northeast of the project site.

- b. ☐ ☐ ☒ Is the proposed use considered sensitive (school, hospital, senior citizen facility) or are there other sensitive uses in close proximity?

Ethel D. Keenan Elementary School is located .08 miles southwest of the project site.

- c. ☐ ☒ ☐ Could the project substantially increase ambient noise levels including those associated with special equipment (such as amplified sound systems) or parking areas associated with the project?

- d. ☐ ☐ ☒ Would the project result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels without the project?

Construction noise.

- e. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☒ Noise Ordinance No. 11,778

☐ Building Ordinance No. 2225—Chapter 35

☐ MITIGATION MEASURES / ☒ OTHER CONSIDERATIONS

☐ Lot Size

☐ Project Design

☒ Compatible Use

There are other residential uses buffering the proposed project from the railroad.

Grading and construction shall occur in compliance with Los Angeles County Noise Ordinance.

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be adversely impacted by noise?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

## RESOURCES - 1. Water Quality

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Is the project site located in an area having known water quality problems and proposing the use of individual water wells?  
No wells are proposed for the site.
- b. ☐ ☒ ☐ Will the proposed project require the use of a private sewage disposal system?  
The project site is served by the Sanitation District 15.
- ☐ ☐ ☐ If the answer is yes, is the project site located in an area having known septic tank limitations due to high groundwater or other geotechnical limitations or is the project proposing on-site systems located in close proximity to a drainage course?  
\_\_\_\_\_
- c. ☐ ☒ ☐ Could the project's associated construction activities significantly impact the quality of groundwater and/or storm water runoff to the storm water conveyance system and/or receiving water bodies?  
\_\_\_\_\_
- d. ☐ ☒ ☐ Could the project's post-development activities potentially degrade the quality of storm water runoff and/or could post-development non-storm water discharges contribute potential pollutants to the storm water conveyance system and/or receiving bodies?  
\_\_\_\_\_
- e. ☐ ☐ ☐ Other factors? \_\_\_\_\_  
\_\_\_\_\_

### STANDARD CODE REQUIREMENTS

- ☐ Industrial Waste Permit ☐ Health Code Ordinance No. 7583, Chapter 5
- ☐ Plumbing Code Ordinance No. 2269 ☐ NPDES Permit Compliance (DPW)

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

- ☐ Lot Size ☐ Project Design

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be impacted by, **water quality** problems?

- ☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## RESOURCES - 2. Air Quality

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Will the proposed project exceed the State's criteria for regional significance (generally (a) 500 dwelling units for residential uses or (b) 40 gross acres, 650,000 square feet of floor area or 1,000 employees for nonresidential uses)?  
*The project does not meet the criteria for regional significance.*
- b. ☐ ☒ ☐ Is the proposal considered a sensitive use (schools, hospitals, parks) and located near a freeway or heavy industrial use?  
*The project is for residential development.*
- c. ☐ ☒ ☐ Will the project increase local emissions to a significant extent due to increased traffic congestion or use of a parking structure, or exceed AQMD thresholds of potential significance.
- d. ☐ ☒ ☐ Will the project generate or is the site in close proximity to sources which create obnoxious odors, dust, and/or hazardous emissions?
- e. ☐ ☒ ☐ Would the project conflict with or obstruct implementation of the applicable air quality plan?
- f. ☐ ☒ ☐ Would the project violate any air quality standard or contribute substantially to an existing or projected air quality violation?  
*The construction of 5 residential units with an estimated grading of 500 cubic yards will not contribute substantially to any existing or projected air quality violation.*
- g. ☐ ☒ ☐ Would the project result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?
- h. ☐ ☐ ☐ Other factors: \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☐ Health and Safety Code Section 40506

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Project Design

☐ Air Quality Report

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on, or be impacted by, **air quality**?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

### RESOURCES - 3. Biota

#### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☒ ☐ Is the project site located within a Significant Ecological Area (SEA), SEA Buffer, or coastal Sensitive Environmental Resource (ESHA, etc.), or is the site relatively undisturbed and natural?

The project is not located within a SEA or ESHA.

- b. ☐ ☒ ☐ Will grading, fire clearance, or flood related improvements remove substantial natural habitat areas?

The project site is not covered with native species.

- c. ☐ ☒ ☐ Is a major drainage course, as identified on USGS quad sheets by a blue, dashed line, located on the project site?

There is no major drainage course on the project site.

- d. ☐ ☒ ☐ Does the project site contain a major riparian or other sensitive habitat (e.g., coastal sage scrub, oak woodland, sycamore riparian woodland, wetland, etc.)?

The project site is not covered with native species.

- e. ☐ ☒ ☐ Does the project site contain oak or other unique native trees (specify kinds of trees)?

There are no oak or native trees located on the site.

- f. ☐ ☒ ☐ Is the project site habitat for any known sensitive species (federal or state listed endangered, etc.)?

- g. ☐ ☐ ☐ Other factors (e.g., wildlife corridor, adjacent open space linkage)? \_\_\_\_\_

#### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size      ☐ Project Design      ☐ Oak Tree Permit      ☐ ERB/SEATAC Review

#### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on **biotic resources**?

☐ Potentially significant      ☐ Less than significant with project mitigation      ☒ Less than significant/No impact

## RESOURCES - 4. Archaeological / Historical / Paleontological

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Is the project site in or near an area containing known archaeological resources or containing features (drainage course, spring, knoll, rock outcroppings, or oak trees) which indicate potential archaeological sensitivity?
- b. ☐ ☒ ☐ Does the project site contain rock formations indicating potential paleontological resources?
- c. ☐ ☒ ☐ Does the project site contain known historic structures or sites?
- The project site is not listed in the Historic Properties Inventory*
- d. ☐ ☒ ☐ Would the project cause a substantial adverse change in the significance of a historical or archaeological resource as defined in 15064.5?
- e. ☐ ☒ ☐ Would the project directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?
- f. ☐ ☐ ☐ Other factors?

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size ☐ Project Design ☐ Phase I Archaeology Report

### CONCLUSION

Considering the above information, could the project leave a significant impact (individually or cumulatively) on **archaeological, historical, or paleontological** resources?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## RESOURCES - 5.Mineral Resources

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Would the project result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?

The project site is not located in a mineral recovery zone.

- b. ☐ ☒ ☐ Would the project result in the loss of availability of a locally important mineral resource discovery site delineated on a local general plan, specific plan or other land use plan?

The proposed project is consistent with the current land use.

- c. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size ☐ Project Design

---

---

---

---

### CONCLUSION

Considering the above information, could the project leave a significant impact (individually or cumulatively) on **mineral** resources?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## RESOURCES - 6. Agriculture Resources

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Would the project convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?

The area is urbanized.

- b. ☐ ☒ ☐ Would the project conflict with existing zoning for agricultural use, or a Williamson Act contract?

- c. ☐ ☒ ☐ Would the project involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use?

- d. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size ☐ Project Design

### CONCLUSION

Considering the above information, could the project leave a significant impact (individually or cumulatively) on **agriculture** resources?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## RESOURCES - 7. Visual Qualities

### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☒ ☐ Is the project site substantially visible from or will it obstruct views along a scenic highway (as shown on the Scenic Highway Element), or is it located within a scenic corridor or will it otherwise impact the viewshed?

The project is not located near a scenic highway.

- b. ☐ ☒ ☐ Is the project substantially visible from or will it obstruct views from a regional riding or hiking trail?

The project is not located near any trails.

- c. ☐ ☒ ☐ Is the project site located in an undeveloped or undisturbed area, which contains unique aesthetic features? The project area is developed.

- d. ☐ ☒ ☐ Is the proposed use out-of-character in comparison to adjacent uses because of height, bulk, or other features?

- e. ☐ ☒ ☐ Is the project likely to create substantial sun shadow, light or glare problems?

- f. ☐ ☐ ☐ Other factors (e.g., grading or land form alteration): \_\_\_\_\_

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size

☐ Project Design

☐ Visual Report

☐ Compatible Use

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on **scenic** qualities?

- ☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

## SERVICES - 1. Traffic/Access

### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☒ ☐ Does the project contain 25 dwelling units, or more and is it located in an area with known congestion problems (roadway or intersections)?  
The project is for less than 25 dwelling units.
- b. ☐ ☒ ☐ Will the project result in any hazardous traffic conditions?  
\_\_\_\_\_
- c. ☐ ☒ ☐ Will the project result in parking problems with a subsequent impact on traffic conditions?  
\_\_\_\_\_
- d. ☐ ☒ ☐ Will inadequate access during an emergency (other than fire hazards) result in problems for emergency vehicles or residents/employees in the area?  
\_\_\_\_\_
- e. ☐ ☒ ☐ Will the congestion management program (CMP) Transportation Impact Analysis thresholds of 50 peak hour vehicles added by project traffic to a CMP highway system intersection or 150 peak hour trips added by project traffic to a mainline freeway link be exceeded?  
\_\_\_\_\_
- f. ☐ ☒ ☐ Would the project conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?  
\_\_\_\_\_
- g. ☐ ☐ ☐ Other factors? \_\_\_\_\_  
\_\_\_\_\_

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Project Design    ☐ Traffic Report    ☐ Consultation with Traffic & Lighting Division

\_\_\_\_\_

\_\_\_\_\_

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on the physical environment due to **traffic/access** factors?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

## SERVICES - 2. Sewage Disposal

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ If served by a community sewage system, could the project create capacity problems at the treatment plant?
- b. ☐ ☒ ☐ Could the project create capacity problems in the sewer lines serving the project site?
- c. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☐ Sanitary Sewers and Industrial Waste Ordinance No. 6130

☐ Plumbing Code Ordinance No. 2269

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on the physical environment due to **sewage disposal** facilities?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

### SERVICES - 3. Education

#### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☒ ☐ Could the project create capacity problems at the district level?

The project will not contribute enough students to create capacity problems at the district level.

- b. ☐ ☒ ☐ Could the project create capacity problems at individual schools which will serve the project site?

The project will not contribute enough students to create capacity problems at schools that serve the area.

- c. ☐ ☒ ☐ Could the project create student transportation problems?

- d. ☐ ☒ ☐ Could the project create substantial library impacts due to increased population and demand?

- e. ☐ ☐ ☐ Other factors? \_\_\_\_\_

#### ☒ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Site Dedication      ☒ Government Code Section 65995      ☒ Library Facilities Mitigation Fee

#### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) relative to **educational** facilities/services?

☐ Potentially significant      ☐ Less than significant with project mitigation      ☒ Less than significant/No impact

## SERVICES - 4. Fire/Sheriff Services

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Could the project create staffing or response time problems at the fire station or sheriff's substation serving the project site?

The nearest fire station is located .15 miles away on Second Avenue. The project area is served by the City of Industry Sheriff's station located 2.66 miles away at 150 North Hudson Avenue.

- b. ☐ ☒ ☐ Are there any special fire or law enforcement problems associated with the project or the general area?

- c. ☐ ☐ ☐ Other factors? \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Fire Mitigation Fees

\_\_\_\_\_

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) relative to fire/sheriff services?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

## SERVICES - 5. Utilities/Other Services

### SETTING/IMPACTS

Yes No Maybe

- a. ☐ ☒ ☐ Is the project site in an area known to have an inadequate public water supply to meet domestic needs or to have an inadequate ground water supply and proposes water wells?

The project site is located in the San Gabriel Water Company service area.

- b. ☐ ☒ ☐ Is the project site in an area known to have an inadequate water supply and/or pressure to meet fire fighting needs?

- c. ☐ ☒ ☐ Could the project create problems with providing utility services, such as electricity, gas, or propane?

- d. ☐ ☒ ☐ Are there any other known service problem areas (e.g., solid waste)?

- e. ☐ ☒ ☐ Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services or facilities (e.g., fire protection, police protection, schools, parks, roads)?

- f. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☒ Plumbing Code Ordinance No. 2269

☒ Water Code Ordinance No. 7834

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot Size

☐ Project Design

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) relative to **utilities/services**?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

## OTHER FACTORS - 1. General

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Will the project result in an inefficient use of energy resources?  
\_\_\_\_\_
- b. ☐ ☒ ☐ Will the project result in a major change in the patterns, scale, or character of the general area or community?  
\_\_\_\_\_
- c. ☐ ☒ ☐ Will the project result in a significant reduction in the amount of agricultural land?  
\_\_\_\_\_
- d. ☐ ☐ ☐ Other factors? \_\_\_\_\_  
\_\_\_\_\_

### STANDARD CODE REQUIREMENTS

☐ State Administrative Code, Title 24, Part 5, T-20 (Energy Conservation)

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Lot size ☐ Project Design ☐ Compatible Use

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on the physical environment due to any of the above factors? \_\_\_\_\_

\_\_\_\_\_

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

## OTHER FACTORS - 2. Environmental Safety

### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Are any hazardous materials used, transported, produced, handled, or stored on-site?  
\_\_\_\_\_
- b. ☐ ☒ ☐ Are any pressurized tanks to be used or any hazardous wastes stored on-site?  
There are no visible tanks located on the project site.
- c. ☐ ☒ ☐ Are any residential units, schools, or hospitals located within 500 feet and potentially adversely affected? \_\_\_\_\_
- d. ☐ ☒ ☐ Have there been previous uses which indicate residual soil toxicity of the site or is the site located within two miles downstream of a known groundwater contamination source within the same watershed?  
\_\_\_\_\_
- e. ☐ ☒ ☐ Would the project create a significant hazard to the public or the environment involving the accidental release of hazardous materials into the environment?  
\_\_\_\_\_
- f. ☐ ☒ ☐ Would the project emit hazardous emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?  
\_\_\_\_\_
- g. ☐ ☒ ☐ Would the project be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment?  
The site is not on a list of hazardous materials.
- h. ☐ ☒ ☐ Would the project result in a safety hazard for people in a project area located within an airport land use plan, within two miles of a public or public use airport, or within the vicinity of a private airstrip? \_\_\_\_\_
- i. ☐ ☒ ☐ Would the project impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?  
\_\_\_\_\_
- j. ☐ ☐ ☐ Other factors? \_\_\_\_\_

### ☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

☐ Toxic Clean up Plan

### CONCLUSION

Considering the above information, could the project have a significant impact relative to **public safety**?

☐ Potentially significant    ☐ Less than significant with project mitigation    ☒ Less than significant/No impact

### OTHER FACTORS - 3. Land Use

#### SETTING/IMPACTS

- Yes No Maybe
- a. ☐ ☒ ☐ Can the project be found to be inconsistent with the plan designation(s) of the subject property?  
*The land use for the project site is Low Density Residential (1-6 units per acre)*
- b. ☐ ☒ ☐ Can the project be found to be inconsistent with the zoning designation of the subject property?  
*The property is zoned A-1-6000. All lots of the proposed project are greater than 5000 square feet.*
- c. ☐ ☒ ☐ Can the project be found to be inconsistent with the following applicable land use criteria:  
☐ ☒ ☐ Hillside Management Criteria?  
☐ ☒ ☐ SEA Conformance Criteria?  
☐ ☐ ☐ Other? \_\_\_\_\_
- d. ☐ ☒ ☐ Would the project physically divide an established community?  
\_\_\_\_\_
- e. ☐ ☐ ☐ Other factors? \_\_\_\_\_  
\_\_\_\_\_

☐ MITIGATION MEASURES / ☐ OTHER CONSIDERATIONS

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

#### CONCLUSION

Considering the above information, could the project have a significant impact (individually or cumulatively) on the physical environment due to **land use** factors?

☐ Potentially significant ☐ Less than significant with project mitigation ☒ Less than significant/No impact

# WORKMAN MILL ASSOCIATION, INC.

POST OFFICE BOX 2146  
LA PUENTE, CALIFORNIA 91746

October 5, 2007

Regional Planning Commission  
320 West Temple Street  
Los Angeles, CA 90012

Attention: Mr. Josh Huntington

Dear Mr. Huntington:

**SUBJECT: Tentative Tract Map No. 064246**  
**227 S. Orange Blossom Avenue, La Puente**

We represent the homeowners and residents in the unincorporated area where the subject case is located. This zone change will greatly reduce the lot size from the current A1-6,000 zoning and we are asking you to please uphold the current zoning. With the exception of the subject property, all the other properties and homes on this street are well maintained, both yards and homes. It is unfair to these neighbors to downgrade their neighborhood for the benefit of one individual.

We are asking that you not allow the over development of this lot.

Sincerely,

Ruth Wash, President  
Workman Mill Association

RW:lac
